## Changes in 2020

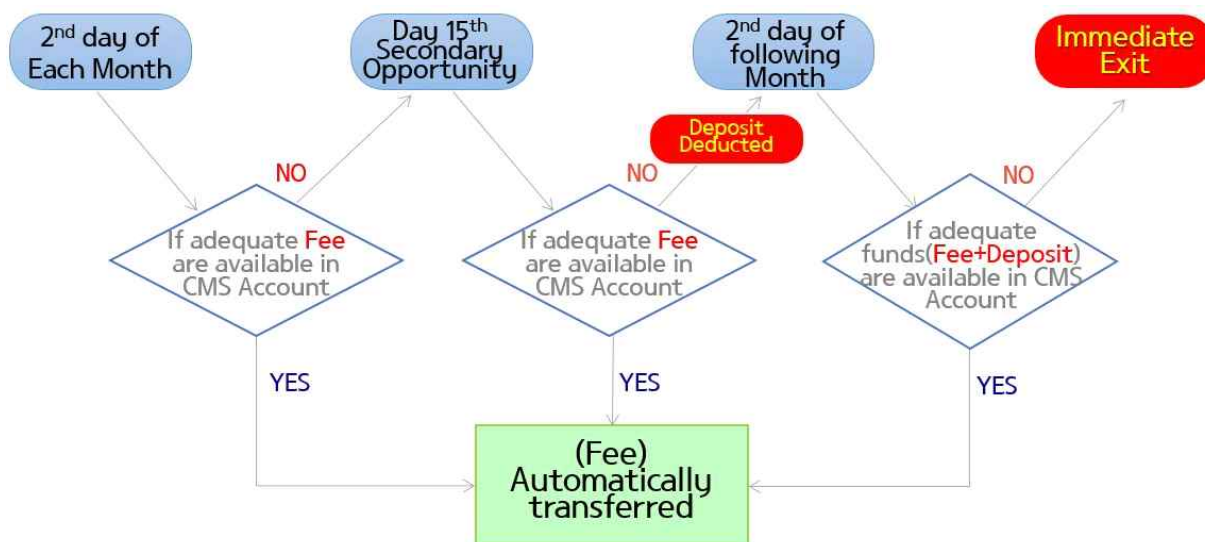

### □ Increase of the Dormitory Fee & Change of Payment System

The dormitory fee of SNU Gwanak Residence Halls has been frozen for 10 years since 2010 in order to ease the burden on residents.

Annual increase in consumer prices and labor costs continues to cause financial difficulties in the management of the dormitory. We established new dormitory fee which reflected social-economic conditions in order that we can provide pleasant and convenient residential environment for residents based on more stable financial environment.

Moreover, all residents now have to use CMS(Cash Management Service) for their payment and refund of the dormitory fees, which is the monthly automatic payment system. You can apply for CMS in the all bank and stock firm in Korea. Please check the details of the payment system below.

#### ○ CMS Payment System

- Upon initial move-in, maintenance fee for the first month (March) along with deposit (one month worth of maintenance fee) is paid through virtual account. Maintenance fee will be automatically withdrawn through CMS (Cash Management Service) from the following month (April)

- In the registration for the second semester, the maintenance fee for September and the deposit should be paid through virtual account.

After the following month(October), the maintenance fees will be paid through CMS(Cash Management Service) automatically.

- Must visit main bank to apply for CMS. Can be done with personal bank accounts. Maintenance fee can be paid without separate commission

## □ Operation of Global Residence Halls

The Global Residence Halls, which opened in the second semester of the 2019, maintains high ratio of foreign residents to strengthen support for foreign students. In order to ensure stable housing for Korean and foreign students entering the second semester, the period of residence has been subdivided into the two semesters(move-in on March ~ move-out on February, move-in on September ~ move-out on August).

Considering the characteristics of an overseas university and high percentage of exchange students who only reside 1 semester and return to their own country, the applicants who apply for 'residing only 1 semester' will be selected first. After securing an extra seat for the second semester, the applicants for move-in on September ~ move-out on August can ensure stable residence. That is the goal of introduction of the two semesters.

### ○ Overview of Global Residence Halls

The Global Residence Halls has a floor space of 18,657,02 square meters (5,653 pyeong) and consists of three buildings (bldg. 915~917) which have 2 underground floors and 9 floors. Those buildings are separated into double room and four single room. The total capacity is 960 students and the graduate's building(bldg. 917) accommodate about 280 students.

In addition to living space for supporting autonomous learning and community activities of Korean and foreign students, the Global Residence Halls is equipped with seminar rooms, lounge rooms, community rooms, club rooms, fitness centers, etc. and is available to cook and laundry. For convenience facilities, we provide convenience store, coffee shop, and fast food restaurant.

### ○ Global Residence Halls' Residence Type for Each Semester

## 3. How to Apply

### A. How-to Application

#### 1) Gwanak Residence Halls website

- Visit webpage → Click "Online Application" → Portal MySNU log in → Student Residence Halls → Gwanak Residence Halls → Residency Application
- ※ If you don't have a portal ID yet, first apply for an ID then log in

#### 2) MySNU portal

- Portal MySNU log in → Academic Information → Student Residence Halls → Gwanak Residence Halls → Residency Application
- ※ You must apply according to your **student status for 2020 fall semester**. Residents advancing from undergraduate to Master's program or Master's program to Ph. D program need to apply from the account (shown under student number/name on the top-left corner of the portal) for the student status of the new program. **If your student status does not**

match, you are subject to be evicted.

- ※ If you don't have a portal ID yet, first apply for an ID then log in
- ※ If you are a current resident, you are not eligible to apply for the dormitory for fall semester. If you want to do, you should move out before the application period(July. 18).
- ※ Only for students who are living in Global Bldg 915~917: If a resident decided to leave the residence after residing in the first semester of 2020, you can apply for the second semester without applying for eviction.

## B. Notes for Room Selection

Along with an opening of Global Residence Halls in this fall semester, the existing residences(Gwanak Residence Halls) will be integrated with Global Residence Halls.

A ratio of local and international students for a prospective residency at Global Residence Halls is 40(local):60(international). Therefore a waitlist number will be given to local and international students separately by the given ratio. Also, those who are selected as additional residents will be assigned to the units in the same ratio as well.

**Please mind that you can choose either one building or the whole buildings and you will get the whole waitlist numbers for choosing the whole buildings.**
