

INVITATION LETTER

Greetings,

We, the KCOC Humanitarian team, are beginning to hold a meeting for policy discussion titled 'Monthly Humanitarianism' starting this fall.

Monthly Humanitarianism is a meeting where people working in UN agencies, international and non-governmental organizations gather to share ideas about the direction of the international community regarding humanitarian aid; as well as to determine the role that Korea can play in the international community.

We would like to cover the topic 'ICRC response to sexual violence' in the meeting for October.

We would like to cordially invite you to participate in this event.

Thank you
